

Amazon SageMaker Studio for Data Scientists

Trainings-ID: AWSS14

[Zum Seminar →](#)

Das nehmen Sie mit

Amazon SageMaker Studio helps data scientists prepare, build, train, deploy, and monitor high-quality machine learning (ML) models quickly by bringing together a broad set of capabilities purpose-built for ML. This course prepares experienced data scientists to leverage the tools that are part of SageMaker Studio to improve productivity at every step of the ML lifecycle.

In this course, you will learn to:

Accelerate the preparation, building, training, deployment, and monitoring of machine learning solutions by using Amazon SageMaker Studio.

Zielgruppen

This class is intended for experienced data scientists who are proficient in ML and deep learning fundamentals. Relevant experience includes using ML frameworks, Python programming, and the process of building, training, tuning, and deploying models.
