Das nehmen Sie mit

Artificial intelligence (AI) is not just another technology or process for the business to consider –it is a truly disruptive force, one that delivers an entirely new level of results across business sectors. Even organizations that resist adopting AI will feel its impact. If the organization wants to thrive and survive in this transforming business landscape, it will need to harness the power of AI.

This course is designed to help business professionals conquer and move beyond the basics of AI to apply AI concepts for the benefit of the business. It will give you the essential knowledge of AI you'll need to steer the business forward.

Course Objectives:

In this course, you will identify ways in which AI can bring significant value to the business. You will:

CERT NEXUS®

- Describe AI fundamentals.
- Identify the functions of AI in business.
- Implement business requirements for AI.
