

HPE Synergy Administration

Hersteller-ID: H0LN3S

Trainings-ID: H0LN3S

[Zum Seminar →](#)

Das nehmen Sie mit

This course provides instructions on HPE Synergy configuration, administration, management, troubleshooting and maintenance. This hands-on course will cover day-to-day administration skills for HPE Synergy Composer, HPE Image Streamer, storage module, compute module, frame management, fabric connectivity, multi-frame domains, and server profile management. Students will also learn about HPE Global Dashboard features.

After you successfully complete this course, expect to be able to:

- Introduce Composable Infrastructure domains (basic concepts) and HPE Synergy
- Explore the functional architecture of the HPE Synergy environment, including management infrastructure (HPE Synergy Composer, HPE Synergy Image Streamer, Frame Link Modules), compute modules, interconnect modules, local storage systems, power and cooling
- Review the HPE Synergy Portfolio and equipment capabilities
- Explain the HPE Synergy Master/Satellite interconnects topology and cabling

Zielgruppen

- System administrators, engineers and consultants who install, manage, and monitor the HPE Synergy systems
- New HPE Synergy customers or HPE BladeSystem c-Class customers interested in HPE Synergy
