

TACL Programming

Trainings-ID: U4199S

[Zum Seminar →](#)

Das nehmen Sie mit

Master the art of writing functions in the Tandem Advanced Command Language (TACL) program in this course. Through student projects and hands-on labs, you will gain valuable experience with TACL programming. After completing this course, you will be able to write macros and routines, perform file I/O, use structured data, and write server functions.

Zielgruppen

- System programmers
- System and network managers
- Application designers
- Application programmers
- System analysts
- Data communications programmers and analysts
